We know what it takes to put practical, durable gear in the world where you and your partner operate. JHRG LLC has been making tactical military body armor for 20-years; our designs and armor packages are all tried and tested in the real world. *We do not compromise protection* with armor packages by using less than threat level IIIA protection. Canine offerings are made with the same care as our finest tactical armor. Item #Canine-III A is sized "D" (Dog) and "BD" (Big Dog). Features include:

- ✓ Soft padded armpit trim
- ✓ Freight paid to destination
- ✓ Optional reflective tape on vest body
- ✓ Choice of green or black vest exterior
- ✓ Tailored underbody for improved sanitation
- ✓ Standard SEALED LIQUIDPROOF armor package
- ✓ Adjustable Velcro and Nexus snap fastener closures
- ✓ Cutout section for quick disengagement of harness or lead
- ✓ Trim, tailored neckline for good fit and freedom of movement
- ✓ Optional ID label in high-visibility yellow or reflective (pictured above)

JHRG has designed armor for law enforcement and US troops for 20-years. We build the same design integrity in all the canine vests we produce. Your partner should expect nothing less than the best.

Vest Price: \$700.00 Two Department ID Labels: \$10.95 Reflective Tape (pictured): \$19.95
